One Year Fast Track OSSD Program

Canada is waiting for you!

Canada is widely recognized as a peaceful, politically stable, multicultural, and safe country. It has consistently been ranked among the best places in the world to live. Canadian universities are known for their high standards of academic excellence and are regularly featured in top international rankings. In addition, tuition fees in Canada are often more affordable than those in many other English-speaking countries.

Over the past 150 years, Canada has welcomed more than 15 million immigrants from around the world, creating a diverse and inclusive society. International students who graduate from a Canadian university or college may also have valuable opportunities to apply for immigration pathways after completing their degree or diploma.

Studying in Canada offers not only a high-quality education, but also a unique life experience filled with cultural diversity, personal growth, and unforgettable memories.

OSSD Fast track Program

Toronto eSchool is one of the leading online high schools in Ontario (BSID #886520), fully inspected by the Ontario Ministry of Education. Our teachers are all qualified and experienced OCT-certified educators, and our staff maintain strong connections with many Canadian universities and colleges.

The Canadian University One-Year Fast Track Program is specially designed for international Grade 11 and Grade 12 students who wish to gain admission to their ideal Canadian universities through our intensive one-year Ontario Secondary School Diploma (OSSD) program. This Fast Track Program helps international students save both time and money while preparing for university success in Canada.
